

# LODGE LOUNGE CHAIR

2038-LGCH

The concept of a folding chair is revisited in an elegant, timeless profile meticulously crafted in wood and saddle leather. Its design allows for ease of use for all occasions and voyages. The complementing ottoman completes the lounge set and is realized with the same long-lasting materials.

### BY JEAN-MARIE MASSAUD

Jean-Marie Massaud is a French designer with extensive experience in furniture, architecture, transport, and product design. He also leads a talented and expert team that brings to life demanding and high-quality design projects.

In his work, the final drawing represents only the visible part of a deeper contemplation on reduction and synthesis. Functionality, economy of means, and adaptation to the context are concealed behind the lines of light and essential designs, embedded in a familiar yet always singular answer. Regardless of scale and industry, he is equally comfortable imagining a flying hotel or challenging a historical furniture company.

Through various collaborations, Jean-Marie Massaud is paving a way where each project is a further step toward the union of pleasure and responsibility.
